ASUP 2024 Checklist

Instructions:

Place a check $\sqrt{}$ for each item in the consistency rating scale. The scale is from 1: not at all consistent to 5: very consistent. Provide comments or note what worked well in the Comments column.

| Steps in Implementing an ASUP Meeting | | | | | | Comments/What worked well |
|--|-------|-----------------|------------|---|---|---------------------------|
| Conduct of the Meeting | Not a | Not at all Very | | | • | |
| | Consi | stent | Consistent | | | |
| | 1 | 2 | 3 | 4 | 5 | |
| Identification of skills | | | | | | |
| Help group identify skills that are making it hard for the child to respond adaptively to frustrations | | | | | | |
| Provide comprehensible descriptions of skills when clarification is required | | | | | | |
| Identification of unsolved problems | | | | | | |
| Use the prompts appropriate to your setting to identify unsolved problems | | | | | | |
| Identify as many unsolved problems as possible for each prompt (exhaust each prompt before moving on to the next prompt) | | | | | | |
| Don't write the same unsolved problem more than once, even if another prompt causes participants to think of the same unsolved problem | | | | | | |
| Writing unsolved problems | | | | | | |
| Begin most problems with the word "Difficulty" | | | | | | |
| Include no reference to the child's concerning behaviors (reference to expected behaviors is fine) | | | | | | |
| Include no adult theories | | | | | | |
| Split problems rather than clumping them | | | | | | |
| Provide specific details related to who, what, where, and when of the problems and be explicit about the expectations the child is having difficulty meeting | | | | | | |
| Wording should be kid friendly | | | | | | |
